

Ithaca will be hosting their first LCM meet this summer on Saturday, July 14th. As many of you know, they are a long-time host of a short course yards event in December. This facility was completed just last summer and those that attended the December meet will attest to its quality. This is a rare opportunity for a LCM meet in Niagara, so we hope you will come out to join the fun! Head on over to the calendar for more details, or click this link: [Ithaca LCM meet info page](#).

For anyone needing accommodations, I would recommend checking out the [Cornell University Travel Portal](#). The links on the left menu detail the hotels as well as bed & breakfasts in the Ithaca area.

You can make a weekend out of the visit as Ithaca rests at the bottom tip of Cayuga Lake. The [Cayuga Wine Trail](#) has over a dozen wineries as well as other attractions along the way!
